**900 MHz, 2.4 GHz, 5.4 GHz and 5.8 GHz Sectorial Omnidirectional Array Antennas**

L-com's sector antennas are designed for Cell Site installations and include a variety of gain, frequency and radiation patterns. These Wi-Fi antennas feature our unique heavy-duty mounting systems that allow installation from level to over 20 degrees down-tilt. In addition, 90, 120 and 180 degree arrays are available supporting a wide range of applications. These antennas feature stainless steel construction for all-weather operation.
