**✓RoHS EURO 240 VAC Weatherproof Enclosures Mid-Sized**

These rugged weatherproof enclosures are ideal for both indoor and outdoor applications. Constructed from molded fiberglass reinforced polyester, these 240 VAC enclosures are well suited for high temperature or corrosive environments. An integrated mounting flange allows these enclosures to be mounted to a wall as well as on a flat surface. The raised lid features a stainless steel continuous hinge and stainless steel quick release latches with padlock hasps. The raised lid is fully gasketed. The enclosure material is UV stabilized and is offered in machine tool gray.

**✓RoHS EURO 240 VAC Weatherproof Enclosures Large-Sized**

These rugged 18" x 16" x 8" weatherproof enclosures are ideal for both indoor and outdoor applications. Constructed from molded fiberglass, these enclosures are well suited for high temperature or corrosive environments. An integrated mounting flange allows these enclosures to be mounted to a wall as well as on a flat surface. Additionally, these enclosures can also be pole mounted with the optional pole mounting hardware kit. The fully gasketed lid features a stainless steel continuous hinge and stainless steel quick release latches with padlock hasps. The enclosure material is UV stabilized and is offered in machine tool gray.
